

# **Alberta Advantage Immigration Program for Experienced Farm Entrepreneurs**

**Change of Phase Consulting Group**

Power of the Right Decision

# **1 Introduction to Farm Stream**

# **Program tailored for experienced entrepreneurs in Alberta's agriculture sector.**

## **Target Audience Identification**

The program specifically aims to attract seasoned farm entrepreneurs looking to establish or purchase a farm in Alberta.

1

2

## **Objective of the Program**

The main goal is to facilitate permanent residency for eligible applicants who contribute to Alberta's agricultural economy.

3

## **Key Requirements for Applicants**

Applicants must possess both financial capacity and proven farm management skills to qualify for the program.

## Focus on establishing or purchasing farms in Alberta for permanent residency.

### Business Establishment Focus

The program emphasizes primary production farming businesses that align with Alberta's agrifood strategies.

### Detailed Business Plan Requirement

Submission of a comprehensive business plan is crucial, which will be assessed for feasibility by Alberta Agriculture.

### Feasibility Review Process

Proposals undergo a thorough review to ensure alignment with Alberta's agrifood growth targets and industry standards.

### Priority Considerations

Priority is granted to business proposals that directly support Alberta's strategic agricultural growth initiatives.

## Applicants need financial capacity and farm management skills for eligibility.

### Financial Capacity Criteria

Applicants must demonstrate a minimum net worth of 500,000 CAD, ensuring adequate investment capability.

### Investment Requirements

A minimum investment of 500,000 CAD in an Alberta-based primary production farm is necessary for eligibility.

### Proven Management Experience

Demonstrating prior farm management experience through financial documentation and education is critical.

### Support from Financial Institutions

Securing financing support from a recognized Canadian financial institution can enhance an application's credibility.

## **2 Program Overview and Key Features**

**Prioritizes proposals that align with Alberta's agrifood growth targets.**

### **Alignment with Agrifood Goals**

Proposals that match Alberta's agrifood growth strategies are prioritized to ensure maximum impact on the local economy.

### **Economic Impact Assessment**

Evaluating the economic benefits of proposals helps in aligning them with Alberta's agricultural growth initiatives.

### **Support for Sustainable Practices**

Encouraging practices that contribute to sustainable agriculture is vital for the province's long-term agrifood goals.

### **Innovation in Agriculture**

Emphasizing innovative approaches in farming enhances alignment with Alberta's developmental targets.

**Requires a comprehensive business plan reviewed by Alberta Agriculture.**

### **Business Plan Importance**

A detailed business plan is crucial for evaluating the feasibility of farming proposals in Alberta.

### **Feasibility Review Process**

Alberta Agriculture reviews submitted business plans to ensure they meet industry standards and viability.

## **Focuses on primary production farming businesses in Alberta.**

### **Primary Production Emphasis**

The program is specifically designed to support businesses engaged in primary agricultural production activities.

### **Investment in Local Farms**

Encouraging investments in Alberta's farming sector helps enhance local food production capabilities.

## **3 Eligibility Requirements for Applicants**

## Proven Farm Management Experience

### **Demonstrated Expertise Requirement**

Applicants must provide evidence of substantial farm management experience, which may include financial records, training, or education.

### **Financial Documentation Importance**

Clear and thorough financial records are crucial to validate the applicant's management skills and agricultural knowledge.

# Minimum Investment Requirements

1

## Investment Threshold in CAD

Applicants must have a minimum net worth of 500,000 CAD to be eligible for the program, ensuring financial stability.

2

## Investment in Primary Production

A minimum investment of 500,000 CAD must be allocated towards an Alberta-based primary production farm.

3

## Financial Capability Validation

Financial capacity is assessed through documentation that supports the applicant's investment potential in the agricultural sector.

# Business Plan Submission Requirements

## Detailed Business Plan Necessity

A comprehensive and industry-aligned business plan must be submitted, outlining the operational strategy and financial forecasts.

## Plan Review by Authorities

Alberta Agriculture and Irrigation will review the business plan for feasibility and alignment with industry standards.

## Alignment with Growth Targets

Priority is given to proposals that support Alberta's agrifood growth targets, enhancing the potential for approval.

## Plan Development Assistance

Support from experts in developing the business plan can significantly improve the quality and success of the application.

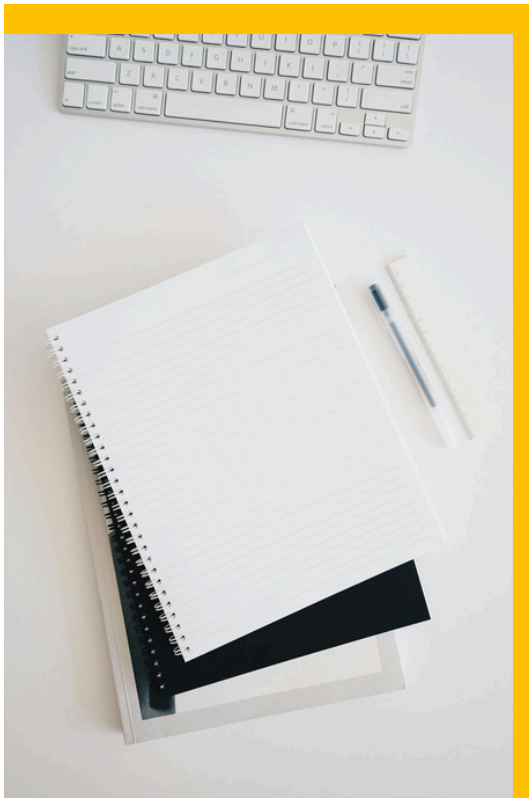

## **4 Change of Phase Consulting Ltd Support Services**
